

SEWING

THE FINEST DETAILS MATTER. ENSURE QUALITY WITH OUR SPECIALTY SEWING SERVICES.

Quality is key to meeting consumer demand and upholding brand reputation, especially in the retail and apparel industries. A small defect can keep apparel from the shelves, while a gap in staffing could halt order fulfillment. That's why some of the world's leading brands trust Dismas to complete their value-added services (VAS) projects.

Our in-house specialty sewing machines accommodate small- and large-capacity projects to meet virtually every need right here in Central Ohio. This includes label sewing, stitch and seam repair, and specialty stitching for more complex apparel features.

SEWING BENEFITS

- Increase speed to market
- Reduce profit loss due to defects
- Streamline supply chain
- Augment existing VAS
- Lower operations and staffing costs
- Ensure product quality
- Access our skilled, experienced seamstresses

SPECIALIZED EQUIPMENT

Our facility is equipped with 24 specialized machines to meet virtually every need, big or small:

● Industrial Sewing Machines

Power, performance and speed combine to produce higher quality stitches on a wider variety of fabrics than a standard machine.

● Cover Stitch

Ideal for hemming and topstitching elastic for active wear, swimwear and underwear. With the capability to sew with one, two or three needles and a looper underneath, these machines produce neat stitches with strength and stretch.

● Four-thread Overlock

High-speed machines that create a variety of stitches used for reinforcement, construction, edging, hemming, seaming and decoration.

● Serger

Versatile machines that tackle knits and stretchy fabrics especially well by seaming and trimming seam allowance in one step. Creates a more professional and durable seam than a standard sewing machine.

SEWING

EXPERIENCED TEAM

At Dismas, our dedicated employees are instrumental to providing exceptional, impactful value-added services to our clients. We are committed to hiring and retaining high quality employees in order to deliver a “wow” experience to our clients.

We take pride in our expert seamstresses whose hands-on approach enables them to complete the most delicate, tedious tasks with quality and attention to detail. They have a deep understanding of the mechanics of our specialty machines and are well-equipped to work directly with you develop creative, custom solutions to address your project needs.

Our culture is built on a shared team attitude and we are committed to doing the right thing by our employees and our clients in order to build long-lasting relationships.
